FINLAND

Finlandia terra di parchi naturali , la nostra predisposizione "Green" aziendale ci porta a enfatizzare e tutelare questi paradisi della biodiversità.
Un legno Ceramico con effetto piallato, una superficie spazzolata liscia e morbida al tatto.

The Serie takes the name from a country of overwhelming natural landscapes. Our "green" vision fosters us to underline the importance of safeguarding biodiversity's paradises of Earth. The product is a ceramic planed wood characterised of a smooth brushed surface that appears soft to touch.
